

Albert Einstein

About Me

Albert Einstein [born 14 March 1879 , died 18 April 1955] was a German-born theoretical physicist, widely held to be one of the greatest and most influential scientists of all time.

Publications

Publication 1

Einstein's groundbreaking paper introducing the theory of special relativity.

Publication 2

Einstein's paper presenting the general theory of relativity.

Publication 3

Einstein's groundbreaking paper introducing the theory of special relativity.

Publication 4

This book is a collection of Einstein's thoughts on religion, science, and philosophy

Publication 5

Einstein's groundbreaking paper introducing the theory of special relativity.

Publication 6

Einstein's groundbreaking paper introducing the theory of special relativity.

1. Nobel Prize in Physics (1921)
2. Matteucci Medal (1921)
3. ForMemRS (1921)

Awards

Innovations

1. The Theory of General Relativity
2. The Theory of Special Relativity
3. The Photoelectric Effect

1. The Nature of Time: Einstein's Insights into Relativity
2. Quantum Mechanics Unraveled: Einstein's Contributions
3. Black Holes and Curved Space-Time: Einstein's Predictions

Blogs

Imagination is more important than knowledge.

The only source of knowledge is experience.

Strive not to be a success, but rather to be of value.
